

ARENA™ ALL-IN-ONE SPRAY TANNING SYSTEM

We have taken the beauty of the Norvell Overspray Reduction Booth and combined it with the HVLP technology of the mobile Z3000 spray tan unit to create a unique all-in-one spray tan system. Quick access to the Z3000 turbine system allows for easy removal for tanning providers.

Features Include:

- 75% stronger air extraction
- Frosted top & LED Lighting for better visibility
- Air fan adjustability
- Locking heavy duty wheels
- New display toggle switches for lighting, fans and turbine
- Strong construction
